Dr. Henry Barton Jacobs,
11 Mt. Vernon Place, N.,
Baltimore, Maryland.

My dear Sir:

In my letter to you of March 17th, I wrote that your name would be presented for election to Associate Membership overlooking the fact that it had already been presented and that you had been elected and notified.

The only excuse that I can offer for making such a mistake was the fact that I had an accumulation of work just at that time and was writing under some pressure.

I would be very glad to be informed of the safe arrival of the Journals that I shipped to you yesterday as I feel a little uneasy about them in view of the Express strike which is going on here at this time.

Very truly yours,

Secretary.

Dear Sir:-

I have received safely the membership Silver
Medal of The Numismatic Society, and I want to thank you
for your kindness in having it engraved and sending it
to me. I shall be very glad if you will tell me where
I can find the legend of the medal and its author.

Believe me,

Very sincerely yours,

Baltimore, Md.

Dear Sir:-

Your letter of February 2nd came to hand several days ago. As regards the legend of the medal, *Parva Me Fereant*, this was first used on the seal of the Society, which was adopted either in 1865 or 1866, and it was designed by Dr. Charles E. Anthon. This seal was used until the Society changed its name several years ago from the American Numismatic and Archealogical Society to The American Numismatic Society. I enclose a cut of the old seal. I do not know whether this motto originated with Dr. Anthon or not. Though it is unlikely that it may have been used before his time, but I do not think that it was used by this Society before this seal was made.

Very sincerely yours,

Director.

Dear Sir; -

Your kind note of February 8th has been received.

I am glad to hear what you say about the seal of the Society. I wish you had also told me the author of the medal, as I am interested in medals, and I cannot make out from it who designed it.

With many thanks,

Very truly yours,

Dear Dr. Jacots:-

Replying to your letter of February 9th I would inform you that the Society's sealership seal was designed by Mr. Watson Forglum of New York, and the dies cut by Tiffany & Company.

Very truly yours,

Secretary.

Dear Sir:-

I thank you for your telegram of yesterday in reference to my inquiry. The person spoken of claims to know you and to have written for you articles on Greek coins. He was very well dressed and a very gentlemanly looking man, and I was interested to know what you had to say of him.

Very truly yours,

January 2nd, 1920.

Mr. Sydney Noe, Secretary,
The American Numismatic Society,
Broadway between 155th and 156th St.,
New York.

Dear Sir:-

I enclose a cheque for annual dues which I shall be glad
if you will hand to the Treasurer.

I want to propose for membership in the American Numis-
matic Society Honourable John W. Garrett, American Minister to the
Hague, who possesses a large collection of coins which he inherited
from his father, and who has expressed a desire to become a member
of the Society. If he can be elected a member at the Annual Meeting
which will take place on January 10th, it will be, I am sure, satis-
factory to him. Mr. Garrett is in New York much of the time this
winter, but his permanent address is

Robert Garrett & Sons, Bankers,
Garrett Building,
South & Redwood Streets,
Baltimore, Md.

Dear Sir:

I beg to acknowledge receipt of your letter of the
21 enclosing checks for your school use. Thank you very much.

Thank you also for your proposal for membership
of the Rev. John W. Garrett, American Minister to the Hague.
At a meeting of the Council yesterday, his name was presented,
and he was unanimously elected. Please assure Mr. Garrett that
that we shall be very glad to welcome him at our Union church
he may be in New York. I trust we may have the pleasure of
greeting him when the Union opportunity allows you when you are
in this city.

Very respectfully yours,

Secretary.

Dear Dr. Jacobs:

May I tell you that I was present at the talk given by Dr. R. Tait McKenzie before the College of Physicians and Surgeons at Philadelphia on the 16th? The medals which you so kindly loaned for the occasion added not a little to the pleasure of the evening.

Dr. McKenzie's talk was one of the most lucid explanations of the making of a medal to which I have listened. It was illustrated by slides; and the various stages of striking were shown by specimens.

I am wondering whether such a talk might not be of interest to the students at the Maryland Institute or to some similar body in Baltimore. I believe that you could count on the co-operation of Mr. John W. Garrett, who would be almost as interested as yourself. And as Dr. McKenzie has the material collected now, it would not involve any considerable outlay of energy on his part to repeat his lecture.

Very truly yours,

Secretary

Mr. Sydney P. Noe,
The American Numismatic Society,
Broadway between 155th & 156th St.,
New York.

My dear Mr. Noe:-

I have your letter this morning and am glad to know that you enjoyed Dr. McKenzie's talk and the exhibit of medals. I think it will be extremely interesting to have Dr. McKenzie come here, as you suggest, for a similar address, and I will speak to the Directors of the Maryland Institute and to Mr. Garrett to learn if they would care to undertake it.

With many thanks to you for the suggestion, believe me,

Very sincerely yours,

My dear Sir:

A friend has just written me requesting information about the value of the following pieces of money -

a two-shilling note dated 1774, made in the State of Pennsylvania

a ten-shilling note dated 1776, made in Delaware ^{Commonwealth}
and a "one dollar." 1774, made in Maryland ^{Commonwealth}

If you will kindly give me some idea of the value of these pieces of money
I shall be much obliged to you.

Please find enclosed envelope addressed and stamped for reply.

Dear Sir:

Replying to your letter of September 2nd, the Colonial notes, about which you write, are probably of very little value as they were not redeemed, and, in consequence, a large bulk of those issued remained in the hands of the people. Both the Delaware and the Maryland notes are considered common and they sell for about twenty-five cents each.

I can find no record of the two-shilling note of Pennsylvania dated 1774. The two-shilling note of 1773 is common and that of 1775, both of which would probably sell for twenty-five cents each. The two-shilling note of 1764 is slightly rarer and might be worth a dollar. Possibly the note mentioned by you is one of these dates.

Very truly yours,

Curator
